

VITATECH-F

A well balanced mineral & vitamin blend for fish

PROPERTIES

- **VITATECH-F** is an original blend of vitamins and trace elements designed to compensate for imperfections and deterioration in feed composition due to poor stocking conditions, poor quality raw materials, poor formulation and the detrimental effects on bio availability of essential elements.
- **VITATECH-F** could be used in the manufacturing of **home-made aquaculture feed** in adjunction to local ingredients. **VITATECH-F** doses should be adapted to species requirements.
- **VITATECH-F** has a direct effect on :
 - Health
 - Growth
