

# VITATECH-S +

*The well balanced minerals & vitamins blend for shrimp*

## PROPERTIES

- **VITATECH-S+** is an original blend of vitamins and trace elements designed to compensate for imperfections and deterioration in feed composition due to poor stocking conditions, poor quality raw materials, poor formulation and its detrimental effect on bio availability of essential elements.
- **VITATECH-S+** is also a vitamin and mineral blend which can be used in the manufacturing of **home-made aquaculture feed** in adjunction to local ingredients.
- All the vitamin C used in the composition of **VITATECH-S+** is thermo stable and could be used in feed extruders without loss.
- **VITATECH-S+** has a direct effect on:
  - Health
  - Rearing performance

## COMPOSITION (per kg of product)

### VITAMINS

### Essential for :

Vitamin A :	1 100 000 UI	Vision
Vitamin D3 :	310 000 UI	Calcium/phosphorus metabolism
Vitamin E :	15 000 mg	Antioxidant
Vitamin C :	15 000 mg	Cellular Integrity – hormone synthesis - chemical cofactor
Vitamin K3 :	1 000 mg	Coagulation
Vitamin B1 :	1 500 mg	Carbohydrate metabolism
Vitamin B2 :	2 000 mg	Energy metabolism
Vitamin B6 :	3 000 mg	Protein metabolism
Vitamin B12 :	10 mg	Nucleic acid metabolism
Vitamin PP :	8 000 mg	Metabolism
Biotin :	100 mg	Fatty acid synthesis
Folic Acid :	500 mg	Protein metabolism - co enzyme
Choline chloride:	40 000 mg	Cellular integrity
Inositol :	20 000 mg	Cholesterol transport

### TRACE ELEMENTS

Manganese :	2 000 mg
Zinc :	10 000 mg
Iron :	3 000 mg
Iodine :	20 mg
Cobalt :	50 mg
Copper :	2 500 mg
Selenium :	30 mg
Phosphorus :	10 g

## USE AND PRESENTATION

- Mix 10 g **VITATECH-S+** per kg of feed or meal..
- Store **VITATECH-S+** in a dry and cool place
